

**U.S. Government Provisions and Clauses for
Orders under U.S. Government Contracts**

**Doc. No.: QF 6.1-5
Revision: 4
Effective: 6/27/2024**

1. General

- 1.1 If an Order is placed at any tier under a Prime Contract awarded by the U.S. Government, additional U.S. Government provisions ("U.S. Government Contract Clauses") shall apply. In the event of a conflict between a provision in this document and Buyer's Standard Terms and Conditions of Purchase, this document shall control to the extent permitted by law. Terms not defined herein shall have the meaning ascribed to them in Buyer's Standard Terms and Conditions of Purchase.
- 1.2 While Buyer has made every effort to include every potentially applicable U.S. Government Contract Clause in this document, U.S. Government Contract Clauses, the inclusion of which in a subcontract is mandatory under a statute or regulation, shall be considered to be included by operation of law, even if it has been omitted from the Order.
- 1.3 Supplier shall incorporate the applicable U.S. Government Contract Clauses in each lower-tier subcontract placed in support of this Order.
- 1.4 To the extent that any clause included in this document is inapplicable to the performance of this Order, the parties shall consider such clauses self-deleting and shall not impose obligations upon the Supplier.
- 1.5 Buyer may modify these terms and conditions to add or delete any provisions that are not reflected in the applicable Prime Contract, or in subsequent amendments to the Prime Contract. Accordingly, Supplier agrees that upon the request of Buyer it will negotiate in good faith with Buyer relative to modifications to this Order to incorporate additional provisions herein or to change provisions hereof, as Buyer may reasonably deem necessary in order to comply with the provisions of the applicable Prime Contract, or with the provisions of amendments to such Prime Contract. If any such modification to this Order causes a material increase or decrease in the cost of, or the time required for, performance of any part of the work under this Order, an equitable adjustment shall be processed pursuant to the "Changes" clause of this Order.

2. U.S. Government Contract Clauses Incorporated by Reference

- 2.1 The clauses listed below are incorporated by reference herein and in this Order as applicable, with the same force and effect as if they were given full text and notwithstanding the requirements of FAR 52.102. If there is a conflict with or addition to a clause in effect on the Order date and a clause of the Prime Contract, the Prime Contract clause shall govern. The full text of these clauses can be accessed on the Internet at <http://farsite.hill.af.mil/> and <http://www.acq.osd.mil/dpap/sitemap.html>
- 2.2 The clauses listed below may require the submission of certifications and representations. When requested by Buyer, Supplier shall furnish any certification or representation that Buyer determines is necessary for compliance with such requirements.
- 2.3 Whenever necessary to make the context of the clauses applicable to this Order, the term "Contractor" shall mean Supplier, the term "Contract" shall mean this Order, and the term "Government", "Contracting Officer" and equivalent phrases shall mean Buyer, except the terms "Government" and "Contracting Officer" do not change:
 - (a) in the phrases, "Government Property", "Government-Furnished Property", and "Government-Owned Property",
 - (b) in the patent clauses incorporated herein,
 - (c) when a right, act, authorization or obligation can be granted or performed only by the Government or the Contracting Officer or a duly authorized representative,
 - (d) when title to property is to be transferred directly to the Government,
 - (e) when access to proprietary financial information or other proprietary data is required except as specifically otherwise provided herein, and
 - (f) where specifically modified herein. All references to the clause entitled "Disputes" and all references to the "Disputes Clause" in any clauses referenced herein are deleted.
- 2.4 The term "FAR" means the Federal Acquisition Regulation and the term "DFARS" means the Department of Defense Supplement to the Federal Acquisition Regulation as in effect on the date of this Order. The term "NASA" shall mean the U.S. National Aeronautics and Space Administration.
- 2.5 Clauses marked with a "CI" in the column below titled Applicability are applicable only when the Supplier is furnishing Goods or Services that qualify as a "commercial item" under FAR 2.101. Upon request, Supplier shall provide relevant documentation to support Supplier's assertion that its Goods or Services satisfy the definition of "commercial items" under FAR 2.101. Further, Suppliers of commercial items agree to all additional clauses in Buyer's high tier contract necessary for Buyer to satisfy its contractual obligations as they relate to this Order.
- 2.6 Purchases below the Simplified Acquisition Threshold as defined in FAR Part 2 are not subject to the clauses marked below "SA" in the column titled Applicability.
